

Training Options for ArchiCAD

All Levels Of Training Available To Build Your ArchiCAD Skills

- Still using ArchiCAD as a glorified drafting program?
- Need to master View Sets and automate your Layout Book?
- Never made a VR presentation or an animation?
- Have you been putting off creating your ultimate office standards template?
- Don't know what investment will make you money these days?

You already own one of your best investments - it's called ArchiCAD. The more skillfully you use it, the greater your return on investment. Knowledge is power; information is capital; invest in yourself.

Beginning Training ... BIM Learning Studio

Self-paced online materials for learning the basics:

http://www.graphisoft.com/products/archicad/training_guides/

- Prospective users
- New users
- New employees who you want to get up to speed right away

Intermediate Training ... Mobile Training System

No train, no gain - the Digital Vision Mobile Training System is available to assist you with our "beyond the basics" training opportunities. You provide the space (your conference room will do); we provide the laptop computers, projection system and training materials.

ONE DAY: \$750 (7.5 hours)

TWO DAYS: \$1,500 (15 hours)

THREE DAYS: \$2,250 (22.5 hours)

FOUR DAYS: \$3,000 (30 hours)*

(for up to 4 people/\$100 per day for each additional person; or combine staff from other offices to share costs)

We recommend the following training structure

21 Hours To ArchiCAD Productivity

Day One 9:00 am - 5:30 pm

Beyond The Basics: Virtual Building

Recommended modeling strategies, Starting out right with templates, Office standards, Layers & layer management, Massing studies, Library management, Working with stories

Day Two 9:00 am - 5:30 pm

Construction Document Production Setup

View Sets, Sections and elevations, Interior elevations, Setting up a Layout Book template, Systemized Details, Importing & exporting DWG, working with AutoCAD consultants

Day Three 9:00 am - 5:30 pm

Intermediate Virtual Building

Complex roofs, Custom objects, Foundations/footings, Site & terrain modeling, Complex shapes, Teamwork

Other Training Options

Client Presentations

Computer graphics basics, Visualization, Rendering, Animation, VR's, PowerPoint Slide Shows

Tutoring (one-on-one or small groups)

Hourly Rates:

In person: \$100/hour (three hour minimum) plus expenses

Online/web-based: \$90/hour

Once you have a solid foundation, then you are ready for ...

Project Assistance

- We'll help you get your first project in ArchiCAD
- We'll help you get your first complete project started and touch base from time to time throughout the entire project
- Refine your skills on real projects
- Let the project help finance your training

Fees vary based on complexity of project.

When you have been up and running for a while, fine-tune your skills ...

Advanced Training available based on demand.
